Friday 11th April 2025

Dear Parents/Carers

Roofing works beginning

During the Easter break, roofing works will commence all around school. Scaffolding will be put up around the school and works will begin on the roof across the whole school site.

This work is planned to last between 8-10 weeks. Inside school will not be affected and we will continue to run as normal - all fire escapes will remain in use and all school entrance points will be accessible. The Foundation Stage area will remain as it is currently until they are ready to access the roof area this is to avoid any incidents with our younger children, so there is less time for the scaffolding to be up around their playground area and our school entrance.

When you return to school after the Easter break, please ensure you and your children are cautious when moving around the school playground to avoid any accidents/incidents.

The contractors will be working between the hours of 7:30am – 5:00pm, Monday – Friday. Currently we do not foresee any need for weekend working.

Thank you for your co-operation. If you have any questions or concerns please let myself or Miss S Caton (Academy Manager) know.

Many Thanks,

Mr A. Hodgson
Principal
