1. Areas in which support will be required in relation to aiding Catch Up Recovery and future attainment		
Barriers	Issues to be addressed in school	
Welfare		
Safeguarding		DSL is non-teaching, DDSL is part time teaching.
Mental health support		Impact of non - schooling and bereavement over lockdown, job losses and changes in family circumstances.
Curriculum and assessment		
Disruption to teaching		Some pupils have not accessed schooling since the end of March. Some pupils did not complete home learning. Only 5 % of pupils returned on 1 st June increasing to 8% by July. Phonics teaching was not completed at home as parents not skilled in delivering synthetic phonics. Electronic Remote learning needs to be developed and contingency plans need to be in place for staff who are isolating. Due to additional language barrier at home and most families dual language further disruption has been caused in language and learning.
Assessment and reporting		<p>No testing took place. During the summer term. Government suspended external testing. Last internal data was March 2020. During the Autumn term 2020, pupils will need to be assessed. Setting aside time to enable teachers to assess pupils' wellbeing and learning needs will support the school to provide effective support. For example, subject-specific assessments might be used to identify particular areas where pupils have forgotten or misunderstood key concepts, to ensure that new material being covered builds on secure foundations. Standardised assessments in literacy or numeracy might be used to identify pupils who would benefit from additional catch-up support. Providing pupils with high-quality feedback, building on accurate assessment, is likely to be a particularly promising approach. Diagnostic assessment – the school will be considering important questions that relate to 'how' and 'when' we assess pupils. Questions may include:</p> <ul style="list-style-type: none"> • What learning has been lost or misunderstood? • What new knowledge and experiences have been gained? • Should we re-teach that material to the whole group, or move on? • What is the right balance between standardised assessments and classroom-based diagnostic assessments?

Gaps opened up by home learning		The school has identified that there are gaps in phonics in EYFS and KS1. The gaps in reading and comprehension and across the school. The school has identified gaps in numeracy across the school, in particular the reasoning and understanding. Pupils have missed subject specific learning in science and the foundation subjects. (Recap the what you need to know document in order to ensure they understand what went on before) (Could be discussion and videos)
Transitioning all pupils back into working at school		EWO is working with families who are still abroad or are in quarantine. Children have not had the opportunity to do normal transition.
People and resources		
Governance capacity		Governance is strong at Director level and local level
Leadership capacity		Strong senior leadership team in place, Principal in post since 2016, Vice Principal in place from 2018, due to go on maternity leave in December 2020 returning in July 2021. Experienced SENCO to take maternity leave from February 2021 returning January 2022. Assistant head also in place, leading EYFS/KS1.
Financial		Balanced budget predicted for end of academic year.
Recruitment and retention		New NQT in EYFS and RQT in KS2. Experienced EYP returning from Maternity in November.
Others		
Language barrier		Children having spent prolonged periods at home speaking home language. Standards in oral and written English declining.

Desired outcomes (<i>Desired outcomes and how they will be measured</i>)		Success criteria
A.	Effective High Quality Teaching supported by evidence informed CPD for teachers and support staff firmly embedded across the school.	Outcomes at the end of EYFS, Phonics, KS1 and KS2 show that all pupils (where appropriate) achieve Age Related Expectations
B.	Targeted academic support established across the school is in place.	Gaps are closing and learning which was lost has been identified and addressed leading to improved end of Key Stage results across the school.

C.	<p>Wider strategies are used to address barriers to ensure success. Attention on supporting pupils' social, emotional and behaviour needs as part of good teaching is an effective strategy to support learning.</p> <p>Attendance – support and communication with parents and carers is good.</p>	<p>Attendance is in line with national and behaviour is consistently outstanding across the school</p> <p>Extra - curricular activities support children's pastoral and academic progress.</p>
